## **HISTORY & REPUTATION**

Ogle School has an outstanding reputation as one of the highest quality cosmetology schools in Texas. We are known as a world class organization both nationally and internationally with successful graduates in a network of salons throughout the world. Ogle has been a fixture in the Cosmetology training industry since 1973. Our reputation for quality education has made us a leader in producing career cosmetologists.

Ogle School's curriculum utilizes a cutting edge digital platform that looks and feels like social media, keeping students engaged in their education as they create, share, collaborate and curate information with their peers. The curriculum not only focuses on the technical proficiencies needed to be successful in the beauty industry, but also focuses on teaching students how to grow their business, rebook clients, excel at retail and deliver legendary customer service. This digital platform allows Ogle School to be high-tech in a high touch industry and keeps us on the cutting edge of ever-changing skills and techniques.

## DAY & EVENING PROGRAMS

We offer both our Cosmetology and Esthetics programs during the day or in the evening. We are committed to assisting our students in any way possible... offering both part-time and full-time schedules is a reflection of this commitment.

**04**

## SALON EXPERIENCE

By the time our students graduate, they have real-world experience under their belt. The majority of that experience comes from our on-campus student-powered salons. Ogle provides clients with low-cost services performed by student stylists, supervised by licensed instructors. Students learn how to perform services on clients, provide excellent customer service, build clientele and sell retail products and add-on services - all critical components of professionals in the beauty industry.

## HANDS-ON SKILLS

Technical skills alone are not enough to ensure success in today's industry. At Ogle you'll learn non-technical skills such as communication, salesmanship, customer service and people skills known only to the top-producing professionals. We train you to help clients look and feel good.
