GRADUATION RATE: To calculate the completion rate, the School identifies a cohort of students each year and reviews the performance of that cohort over time, not to exceed one- and one-half times the normal course length. Ogle School uses a year cohort of students who started on or after 9/1/2017 through 8/31/2018 and graduated within 150% of their normal course length. Only first- time, full-time certificate seeking students are included in the calculation.
