

OGLE SCHOOL

COSMETOLOGY

A BEAUTIFUL CAREER STARTS HERE

OUR PROCESS

While attending our full-time or part-time 1000 hour cosmetology program, you will learn about hair, skin and nails through academic and practical learning methods that include demonstrations and hands-on experience. In addition to learning from our licensed educators, we provide exposure to guest presenters who are experienced in the beauty industry. Field trips are offered to provide enhanced learning opportunities for our students. We utilize a variety of professional salon product lines to support your learning and provide clients with expected salon results. While you are learning new skills, we'll teach you to see, think, create and adapt to your clients and environment.

PHASE ONE

- Learn principles and techniques of haircutting, finish styling, haircolor, hair care, nail care, and customer service.
- Learn the importance of providing good customer service and having a positive attitude.
- Spend time in a classroom setting learning skills and techniques on mannequins and models.
- After completion of Phase One, you are ready to move to the student salon and begin servicing clients.

PHASE TWO / THREE

- Academic learning continues one full day per week in the classroom building upon Phase One instruction. You will focus on haircutting and haircoloring skills.
- Adapt techniques on clients and begin building student salon clientele.
- Perform in a salon-modeled environment four days a week.

OGLE SCHOOL

COSMETOLOGY

PHASE FOUR

- Learn advanced techniques and build proficiency in the areas of finishing styling, chemical texturizing, skin care & nail care.
- Practice techniques and skills on actual clients in our student salon.

PHASE FIVE

- Refine your expertise while working on clients in our student salon.
- Receive career development training to prepare for employment.
- Build your resume and portfolio to successfully market yourself.
- Participate in mock testing to prepare for the State Board practical exam.
- After earning 900 hours, you will be eligible to take the State Board written exam.

*Please note: Sequence of curriculum and clinic assignments may be subject to change at the discretion of the Education Management Team.
